

RSC is determining interest in offering a Premier Tournament Team for 9U/10U players (this would likely be a combined age team). Ideally, we would offer a supplemental tournament team for girls and a team for boys. Such a supplemental team would be above and beyond the regular team's schedule, with additional cost for participants. This team would plan to do up to two fall tournaments (possibly Columbus Day and one in the late fall). There would be two (likely Friday) supplemental training sessions leading into each event. The team would plan to do a winter tournament, along with a similar pattern for the spring (possibly an early spring tournament and a Memorial Day tournament) with supplemental training sessions leading into the spring tournaments. The extra cost for this Premier Tournament Team is TBD until more specifics are set. The specific tryout/selection process will be communicated only to those who express interest. If you are a current RSC player, feel free to communicate with your RSC trainer if you have additional questions.
